ABOUT OUR GALA AND COMMUNITY HERO AWARDS

The CORE Foundation Giving Gala was established in 2018 as a primary fundraiser for the CORE Foundation. In 2019, the Community Heroes Program was added to further recognize individuals and groups in the community that mirror CORE Foundation's values of being the change and who go above and beyond to make our community a better place. Also new in 2021, over 200 guests will enjoy a variety of libations and small plates from local businesses in our own "Tastes and Sips of NOVA." If you've been to our galas in the past, this concept has evolved organically with restaurants generously donating food items. We again welcome local businesses to donate their signature cuisine items or libations to enhance that guest experience as we shine a spotlight on their business. NOTE: CORE is committed to following all CDC and State guidelines for COVID-19 and will make adjustments to our event as needed.

PARTNERSHIP OPPORTUNITIES

Corporate sponsors make achieving our fundraising goals possible. The donations pledged will be invested directly into our mission. The theme for 2021 is "Let's Light Up the Community," and we hope to shine a spotlight on your business while being a bright light in the community. Sponsorship levels range from \$500 - \$20,000 to accommodate your organization's budget. We hope to see you at the V.I.P. reception.!

ABOUT US

The mission of CORE Foundation is to ignite and support charitable projects which address societal needs, build community, and enable positive change. For 15 years, CORE has nurtured innovative charitable ideas turning them into executable projects which improve the lives of others, filling gaps and seeding unmet needs in the community. Serving as an incubator, our CORE Cause projects have ranged from supporting cancer patients and research to championing veterans' issues to battling homelessness and food insecurity to making youth sport experiences available to needy kids. For each Cause project, we provide nonprofit infrastructure, administrative backbone, resources, tools, and strategic mentoring to ignite their project for social good. As a result, our CORE Causes and the Foundation have received local and national media coverage including Lester Holt, Good Morning America, People, and the Ellen DeGeneres Show. Join us in making a difference and invest in your community!
